Within the next thirty days Alexandria will have a new banking institution to be known as the Union Savings Bank, which will make a specialty of small savings accounts. For several years an institution of this kind has been proposed, but not until the last few days have the plans o fthe present incorporators been made public.

The bank will be financed by local capital, and the preliminary officers will be Dr. E. A. Gorman, health officer of Alexandria, president, and Captain Frank L. Slaymaker, president of the Slaymaker-Schneider Corporation, secretary and treasurer. The board of directors will be composed of well known local men.

A charter has been applied from the Corporation Court in this city and has been forwarded to the State Corporation Commission in Richmond. The capital is given at from $10,000 to $25,000.

The new bank will have its headquarters at 820 King street, which was sold a few days ago by Monroe and Marbury, for Mrs. John T. Nalls, to Dr. E. A. Gorman. Bids are now being received for the remodeling of the building, and as soon as they are completed the bank will open for business.

MYSTERY SOLVED.

Bones of Warren McCarrick Boy, Found.

Philadelphia, June 18.—The mystery of Warren McCarrick, for whom a nation-wide search has been made for the past three months and which was only equaled once before in the history of this city, when Charlie Ross disappeared over two score of years ago, was cleared up Tuesday, when a heart-broken mother sobbingly bowed her head in the morgue and positively identified the few bones and shreds of clothing picked up in the Delaware river as all that was mortal of her missing son.

Boy Scout Drowns.

Rogers, living near Blacksburg, was almost instantly killed by an automobile driven by Mr. Hardiman, of Pearlsburg, Va., near the entrance to the college grounds Tuesday. Crowds were leaving the campus after the sham battle, and witnesseses to the accident agree that the machine was moving slowly, and that the boy turned directly in its way, faling under the wheels. He was hurried to the college hospital, where every attention was given, but he only lived a few minutes. Mr. Hardiman gave bond for his appearance in court here later, nad left for his home, in Pearlsburg, soon after the accident.

NEWS OF THE DAY

The North German Lloyd steamer Kaiser Wilhelm II., which left Southampton shortly after noon yesterday with 1,000 passengers, was lying at anchor last night off Netley, three miles to the southeast ,with a big hole in her side amidships, caused by a collision with the Liverpool frain steamer Incemore, bound from a Black Sea port for Antwerp. The Incemore, a much smaller craft than the German steamer, of 3,000 old tons, is in dock at Southampton, with her bows badly smashed. The collision occurred in the English Channel, thirteen miles south of the Nab lightship, in a dense fog.

In marked contrast to the agitation in the United States against the capital punishment of women criminals, and the tolerant attitude of the English authorities toward the militant suffragetes, the fact that unsentimental Germany shows no more consideration for the weaker sex than for men in crime was evidenced yesterday when two women, convicted of murder, were beheaded by headsmen with blocks and axes making four women to suffer that fate within a few weeks.

The Constitutionalist gunboat Tampico was sunk yesterday near Topolobampo by the Federal gunboat Guerrero ,the sole surviving warship representing either faction on the west coast of Mexico. The rebels lost 10 killed and 10 wounded; the Federals none. In despair at the outcome, Captain Malpico and his chief engineer, after fighting with great bravery against heavy odds, committed suicide.

Ella McDougall, a 13-year-old girl shot and killed her mother, Ellie McDougall, at Harisville, W. Va., Tuesday afternoon with a shotgun. No one witnessed the shooting, and, beyond admitting that she had killed her mother, the child would assign no reason for the crime.

Frederick Geiser, a farmer near Mobile, yesterday shot and instantly killed his wife and then committed suicide. He is said to have boasted to the authorities that he would not again be arrested for wife-beating. Geiser had been arraigned on this charge several months ago, after which he and his wife had separated. Later they were reunited and Geiser was recently again charged with beating his wife. The tragedy is said to have resulted when Geiser heard officers were coming to arrest him.

Representative Dudley H. Hughes, of Georgia, chairman of the Committee on Education, yesterday suggested a new use for the Government Printing Office . He introduced a bill which provides that the public printer be authorized to print text books for use in public schools in the various States. The bill stipulates that the books should first be approved by the proper State authorities and that a charge amounting to the actual cost of printing should be made against the States.

At Oakland, Md., yesterday morning, there was an unusually heavy frost and ice formed.

Seven men were burned to death, and twenty seriously injured when eighty persons were tapped in a burning Armenian lodging house at Milford, Mass., Tuesday.

Bennet Burleigh, oldest and most widely-known of war correspondents, died in London Tuesday. A Scotchman, born in Glasgow nearly seventy years ago, he joined the ranks of the Confederates in the American civil war and fought until the ast, being twice captured and sentenced to death by the Northern troops. Later he turned to newspaper work and reported a number of campaigns for a news agency.

Fifty workmen were burned to death in the destruction of a wood mill by fire at Moscow, Russia, yesterday. The fire resulted from an explosion.

That 90 per cent of the 75,000 engineers, firemen and engine men running west of Chicago would vote in favor of a strike was the opinion yesterday. The balloting on the referendum is under way, and will be finished by the end of the week.

PROPOSED NEW HIGHWAY ROUTE

Washington Business Men and Others to Make Trip to Mt. Vernon.

MAKE RUN IN AUTOS

Go by Present Wagon Road and Return via Route of Proposed Washington-Mt. Vernon Boulevard

The route of the proposed new highway between Alexandria and Washington will be inspected this afternoon by the committees of the Chamber of Commerce and Board of Trade, of Washington, the Chamber of Commerce of Alexandria, the Alexandria Automobile Association and the supervisors of Alexandria and Fairfax counties. The Washingtonians will come over the road in automobiles and will meet the Alexandria committees here and go with them to inspect the proposed work.

R. E. Andrews, H. C. Stile, Fred C. Handy, Oliver Metzerott, and Captain James F. Oyster, will represent the Washington Chamber of Commerce.

The Board of Trade men will be W. S. Corby, Judge C. S. Bundy, C. W. Fairfax, W. G. Henderson and Edward J. Murphy.

The tourists expect to arrive at the Alexandria Chamber of Commerce about 4 o'clock, and, after refreshments, they will proceed to Mount Vernon. It is the intention to go to the tomb of Washington by the present wagon road, which needs, it was stated at Monday night's meeting of the two trade boards, only $$4,000 or $5,000 to put it in firstr rate condition.

The return trip will be made along the route of he proposed Washington-Mount Vernon boulevard, which runs on higher ground than the wagon road. An engineer will accompany the party and point out the topographical conditions which the boulevard route will meet. Members of the Alexandria Chamber of Commerce nad men representing Alexandria and Fairfax counties will be in the party.

HONOR TO ALEXANDRIAN.

Late yesterday evening O. W. Phillips, former member of the city school board, received word from the Board of Visitors of the University of Virginia, that at a meeting held on June 15, his son, J. Barton Phillips, had been honored with a scholarhip entitling him to a course in the State University.

The pleasing news came as a big surprise to the fortunate young man, as well as to the other members of the family. The scholarship is one of ten given annually, one in each congressional district, by Thomas M. Ryan, of New York, and Virginia. J. Barton Phillips was the fortunate young man selected from the eighth congressional district to receive the scholarship. His sterling character and future promise brought him the rich reward. He will enter the university in the fall, nad no doubt will make his mark in the course of study he chooses.

NO LET UP.

There is no let up in the big sale at the People's Popular Price Store. The residents of Alexandria and vicinity are aware of the great bargains they can secure in mens, womens, and children's wearing apparel, and are quick to take advantage of it. The sale will continue for nine more days, and during that time you can save money and start a savings account.

Arrangements were completed yesterday for the funeral of Mark H. Burch, a wealthy cotton goods broker, of New York, after his wife, a Christian Scientist, had spent the night in prayers in an effort to revive her husband. Mrs. Burch refused to believe that the last spark of life had fled, comforting herself with the words: "My husband soon will come out of his present condition. Prayer will rise superior." Burch was stricken Tuesday at the close of the Yale-Harvard baseball game in New Haven, Conn., and died soon afterward.

MME. SCHUMANN-HEINK.

Letters From Husband to Co-Respondent Wins Her a Divorce.

The divorce case of Mme. Schumann-Heink against William Rapp, Jr., exploded its hidden mine at the last moment. After days of dull depositions and tantalizing mysteries there flashed upon the courtroom throng of fashionable women and curious men a masterpiece of romantic writing—a volume of love letters from the manager-lawyer-husband of the celebrated singer to Mrs. Katherine E. Dean, of New York. The "affair," which had seemed a rather commonplace attachment when viewed in the light of earlier testimony, assumed the proportions of an overwhelming devotion in the warm glow of such phrases as "My Inspiration Girl," "My One Best Bet," "My Darling Wonder Girl."

BOAT CLUB SMOKER.

Good Bouts Scheduled at Last Night's Affair by Old Dominion Club.

The Old Dominion Boat Club were the hosts last night at a smoker which drew a large crowd of lovers of the "squared ring." The sparring bouts were clean and interesting. Five events in all were staged. The principal feature of the evening was the five round go between "Kid" Kelly, of Alexandria, and "Young" Montana, of Washington. The youngsters had never met before and put up a gamey and clever exhibition. The two Baum brothers, of Washington, sparred for two rounds. "Annie" Lewis and Shanky Gardner, both of Washington, were seen in a brotherly contest and Carl Mueller, of Alexandria, faced Bennie Winters, of Washington, for three fast rounds.

One of the most interesting events was the battle royal between the two little Baum brothers and their cousin, Fritz Herzog. Joe Oliveri, of Washington, acted as referee. At the conclusion of the events refreshments were served.

ORPHANS' EXCURSION.

Little Ones Enjoy Outing to Marshall Hall as Guests of Elks.

The orphan children of Alexandria and Washington enjoyed an outing yesterday as the guests of the Elks of Washington, who give an excursion every year to this resort for the youngsters. Alexandria Lodge of Elks had been requested to appoint a committee to look after the well-fare of the children from this city. The committee consisted of James B. Martin, chairman, Herman Friedlander and the Rev. Edgar Carpenter. Messrs. Martin and Friendlander marshalled the boys and girls to the steamer wharf and spent the day in seeing that their young charges had a good time.

ATTEMPT TO KILL CZAR NICHOLAS

Pilot Train, Mistaken for Czar's, Shattered by Anarchists.

ASSASSINS ESCAPE

Czarina Unnerved by the Realization of Narrow Escape of Herself and Royal Family.

Berlin, June8. —Assassination of the Czar of Russia, according to special St. Petersburg dispatches, which escaped the Russian censor and were received here today, barely failed yesterday.

An Anarchist plot to dynamite the ruler's train between Kishineff and St. Petersburg succeeded only in seriously wounding several passengers on a preceding train.

The Czar and his while family were near death. With the Czarina and their children, the Russian ruler and his entourage left Kishineff in two special trains. From Kasatin an ordinary passenger train preceded the royal coaches, according to the usual custom when a Russian Emperor journeys across his empire.

Near Tschudnew, a terrific explosion overturned the engine and derailed the coaches of the passenger train, several of their occupants being severely injured by flying splinters of the wreck which were scattered for many yards when the dynamite exploded.

Immediately the news of the explosion was telegraphed back to Kasatin and the Czar's two trains were held there while secert police and Cossacks from the Czar's guard were rushed on a special train to the scene of the attempted assassination. No arrests so far as known were made. The attempted murdereres of royalty fled, leaving no trace of their identity.

After a thorough search of the vicinity had been made, a special train with track-walkers ahead, went slowly in advance of the two royal trains until they were out of the region of the attempted assassination.

GREEKS MASSACRED.

Priest, Old Men and Children Murdered by Turks.

Athens, June 18.—Greek refugees from Asia Minor bring reports of the massacre by Turks of a hundred Greeks including priests, old men and children, in the town of Phokia, 25 miles northwest of Smyrna.

The official report said the town was invaded by a horde of armed men who looted and then set fire to all buildings. They are said to have been assisted by the Turkish police.

The inhabitants the most of whom were Greeks, fled, leaving their property behind and 3,800 of them reached Sanlonki. They declare the bodies of the massacred were thrown into wells. The refugees, many of whom were suffering from wounds, were in a state of starvation on their arrival.

The accident happened at her home, in Rural Retreat, and was discovered immediately afterward . Experts at the hospital have been giving the case the most constant and careful attention, and tonight it was said hat Mrs. Creager was suffering acutely and that she was yet in a very dangerous condition.

BOYS HELD FOR ROBBERIES.

Broke Into Stores in Norfolk, Raleigh and Elizabeth City.

Norfolk, Va., June 18.—With jewelry vaued at $5,000 stored in the safe at police headquarters as evidence against them, and the boys said to have admitted to Captain Ford and detectives that they had robbed a jewelry store in Raleigh, N. C., on Sunday night, and another in Elizabeth City, N. C., some time ago, besides participating in several Norfolk robberies, John Henderson, fourteen years old, of Wilmington, N. C., and Fulton Lowery, eighteen years old, of Elizabeth City, N. C., are under arrest here. Henderson was arrested shortly after 11 o'clock Monday night by Patrolman C. A. Russell, who caught him while attempting to break into Mann Brothers' clothing store, this city. Lowery, who was with him, made his escape at the time. Henderson broke down and told the police where to locate Lowery. While making the arrest the officers discovered the jewelry packed in a box ready to be taken away. All the jewelry was packed in a strong box, and a loaded .44-caliber Colt revolver was lying on a bureau and a .38-caliber Smith & Wesson was on the box.

NONE NEEDS OF ASSISTANCE.

Committee to Select Site for Masonic State Home Confronted With Peculiar Condition.

Lynchburg, June 18.—A meeting of a committee of the Virginia Grand Lodge of Masons, which was held here this week to consider a location and plans for the erection of a home for aged and indigent members of that order in the State, has brought attention to a remarkable condition, for out of the investigation up to this time is developed the fact that there seems to be not a single Mason in the 30,000 in Virginia who needs such assistance as would be provided in the proposed home. This statement is made by a member of the committee after going over carefully all of the data collected by the committee in its preliminary work.

The committee, composed of W. S. Benston, of Norfolk; W. W. Feilds, of Madison; J. G. Osborne, of Radford; C. B. Marshal, of Alexandria, and Ernest Williams, of Lynchburg, met here and was shown a site available for such an institution. The committeemen agreed unanimously that the site was adequate for the purposes of such an institution, and it is expected to recommend this site, if it makes anw recommendations at all; but the present disposition of the committee is to advise the grand lodge of the lack of necessity for such a home, which report will likely stop further investigation.

SITE AND PLANS OF NEW HOSPITAL

Committees for Same Will Be Appointed Within Next Few Days.

PICNIC AT LUNA PARK

Grand Time Planned for July 4th—Prominent Local and National Speakers Will Be Present.

The Chairman of the Hospital Board of Trustees, Mr. Worth Hulfish, has decided to take several days to consult with his associates in regard to naming the committees, one to select the site of the new hospital and the other to present plans for the building.

Mr. Hulfish considers that this is the most important matter that has as yet presented itself, and that these two committees should be composed of the very best element among our business men. He intends to take his time and consult with the members of the executive committee and the trustees before taking final action, as every one is tired out with the constrant strain connected with raising of funds, and as mot of the committee next week will be occupied in intertaining the Virginia Press Association which will be here for three days, it is not probable that the committees will not be announced until the end of next week. It must be remembered that the matter of the Mt. Vernon Avenue will occupy considerable time, and as all of these matters are of almost equal importance to the city, it is thought best not to press one matter too fast.

Indications point to a grand holiday on July 4th at Luna Park. Prominent local and national speaker will do the talking, contestants for numerous prizes will contend in various sports, muic, dancing and riding will with many other sports fill up the day, and every one is invited to attend, there being no charge for anything except what you may desire to buy. Don't forget that the grounds are free and that all are invited to bring their baskets and spend a pleasant day among the merry makers under the shade of the beautiful trees.

BREACH IS HEALED

Villa and Carranza Said to Be Working Together.

El Paso, Tex., June 18—"For the advancement of the Constitutionalist cause and the betterment of the public service throughout the territory under his control, Gen. Francisco Villa determined to fill the minor places in the government service with men who will have nothing to do but the work the public demands of them."

This telegram sent by a correspondent close to General Villa at Torreon early today, is the explanation offered by the leader of the Mexican Constitutionalist army in the north for his action Tuesday night in seizing all government offices and records in the district north of Torreon.

With it came confirmation of earlier dispatches that Villa and Gen. Venustiano Carranza had "made up;" that Villa, in supreme command, would have his entire armed strength before Zacatecas and begin the attack not later than Sunday.

The breach between Villa and the "first chief" apparently has been healed as suddenly as it manifested itself. The details of the settlement are not known, except that Villa has evidently had his way .

Why Suffer from Rheumatism?

When relief from rheumatic pains may be had at so small a cost it is surprising that anyone should fail to avail himself of it. Joseph Copparelli, Canastota, N. One application relieved him wonderfully, and a few days' treatment effected a cure. Many others have found quick relief by applying this liniment. For sale by all dealers.

GLASS IN THE STREETS

Automobilists Incensed at People Who Would Damage Tires.

A man who was operating a new auomobile stopped a representative of the Gazette this morning and asked if there was a law forbidding persons from throwing broken glass into the public streets. When told that persons guilty of such acts could be fined, he was anxious that some of the miscreants be caught.

There is but one way to proceed. The police are supposed to arrest any one seen in the act of placing rubbish of any sort in a public street, but as the officers do not possess as many eyes as Argus, citizens should do their part towards bringing offenders to justice by promptly reporting any violation of the law to the police, giving the names of the offenders.

About twenty years ago, when so many persons, young and old, rode bicycles, it was the diversion of some persons to strew broken glass on unpaved streets and partly cover the menaces to rubber tires with earth. The cost of a new tire for a bicycle was at that time comparatively small, but those used on automobiles are expensive and then when one is made practically useless it costs something to replace it.

AN INTERESTING EVENT

Supreme Officer to Pay Official Visit to Lady Maccabees of This City.

The Lady Maccabees of Alexandria are making preparations for an official visit from Mrs. Nellie Heppert, of Akron, Ohio, Supreme Finance Keeper of the Order. She will reach this city tomorrow afternoon at 2 o'clock. Miss England, of Norfolk, State Commander, will be presented on the occasion. Mrs. Heppert's headquarters will be at the Rammel Hotel during her stay in Alexandria.

The object of her visit is to inspect the ritualistic work of Alexandria Hive, and the members of the organization have been working assiduously to have everything in readiness for this event.

Mrs. Heppert has charge of the bonds which represent the seven-million-dollar reserve funds of the organization, and she will explain how the money has been invested.

The Hive in Alexandria contains about one hundred members, and a class of ten new members has been secured for this official visit.

LAWLER AFTER POLICE

Recommends Shakeup of Force at Meeting of Commissioners Last Night.

A shakeup in the police force of Alexandria was recommended at the meeting of the Board of Police Commissioners held last night by Commissioner Nicholas J. Lawler, of the Fourth Ward. Mr. Lawler stated that he had noticed several infractions of the rules . Particular emphasis was laid on the violations of the traffic laws.

Charges against Policeman J. W. Kern, made by C. R. Creighton, that the officer had improperly arrested him were dismissed by the board after six witnesses were heard.

George H. Schwarzmann, the newly elected commissioner from the Third and took the oath of office.

Ward, attended last night's meeting

Chief Goods reported that there had been 101 arrests made since the last meeting of the board.

FIGHT EARLY THIS MORNING

Young Man Seriously Hurt at King and Columbus Streets.

A fight took place about one o'clock this morning near the corner of King and Columbus streets between several young men, during which one of the belligerents was severely handled, so much so that he was unable to leave his bed this morning. Another had his coat cut by a knife in the hands of one of the participants.

The affair caused considerable excitement in the neighborhood and awakened most people living nearby.

WOMAN SHOT BY NEGRO

Victim Now in a Washington Hospital.

Feeling runs high among the residents of Relee, on the line of the Washington, Alexandria and Mt. Vernon Railway, in Alexandria County, over the shooting at that place yesterday evening of Mrs. Bessie Welch by Raymond White, colored . White has been arrested and is locked up at the Alexandria county jail, charged with assault with a dangerous weapon.

At an early hour this morning Mrs. Welch was brought to the Emergency Hospital, Washington, and treated for her injuries. She is suffering from the loss of two toes on her right foot, and from shock.

The shooting followed a refusal of the woman to pay 50 cents, which she insisted she did not owe. According to Virginia authorities, White called at the Welch home to collect a bill. Mrs. Welch declares she paid the man what she owed him, but he insisted that another half dollar was due him.

"He at first pointed the gun at my head, and threatened to blow my head off if I didn't pay him the extra half dollar," Mrs Welch told Policeman Owen at the Emergency Hospital. "Then, when I refused and started to turn away, he leveled the gun at my feet and fired."

The colored man, according to the Virginia authorities, acknowledged that there was an arsument over money, but declares the discharge of the gun was purely accidental. He says the weapon discharged while he was holding it, with the barrel to the floor.

Get the Sub-Agency for the PAIGE now

MAYBE it is an old fashioned idea this notion of putting all the value possible into the car itself—and as little as possible into overhead expense—

But it has given the Paige a positively dominant position among cars of medium price—

Ample capital for operating purposes—no bonded indebtedness—no excessive capitalization—no heavy overhead of any kind to be paid for.

Just a full dollar of car value for every dollar of the selling price.

Is it any wonder that the Paige is going to be oversold again this year in spite of increased production?

"BURN SING SING" SAYS CONAN DOYLE.

The Creator of Sherlock Holmes has seen and condemned Sing Sing, Not, he say, to make literary use of his obervttions, but because of his interest in law-breakers and their treatmen, Sir Arthur Conan Doyle went up to New York's century-old prison on the Hudson a few days ago and had himself locked in a cell.

"Burn it, burn it, burn it," he said afterward. "The buidings are antiquated and unsanitary. It is a disgrace for a state so great and wealthy as New York to have such a prison."

Sir Arthur was amazed to be told that occasionaly the prison becomes so crowded that two men have to be put in a cell. It was the smallness and unhealthiness of the cells that especially impressed him. "They ought to be knocked three into one," he said.

Sir Arthur stated he did not believe in making prisons "comfortable hotels." He does believe, however, in individual treatment, in decent living conditions, and in educative work.

"As a medical man, I took great interest in the appearance of the prisoners," he said. "It seemed to me that probably a third of the whole number were defectives—calling for medical treatment or care of some kind. Perhaps another third were young men who ought never to have been put in with hardened criminals."

Sir Arthur declared he believed that James M. Clancy, warden of Sing Sing, is doing the best he can under the conditions.

Organizations for prison reform are agreed that Sing Sing ought to be abolished. An aggressive public opinion demanding this, it is suggested, might be fostered by prison reformers making it a practice to nab illustrious visitors, whose names make good newspaper headlines, and take them to Sing Sing as soon as they land.

ANOTHER COLLISION.

Only a few days ago a narrow escape from serious disaster occurred off Fire Island when two steamers came together in a fog. While this escape is still fresh in the minds of readers of newspaper another narrow escape is reported fom the English channel, where two steamers collided. One of the ships was a large passenger steamer on her way to this country with one thousand passengers aboard.

All the accidents which have occurred recently have resulted from fog, and notwithstanding the fact that such conditions are exceedingly dangerous to navigation, masters of steamers continue to tempt providence by continuing on their courses while impediments face them.

One of the ferry steamers plying between Alexandria and Washington was struck by a Norfolk steamer during the early morning hours in 1908 while fog prevailed and virtually wrecked. One man was drowned by the accident.

Several accidents have since occurred in Chesapeake Bay and the Potomac river while fogs were hanging over the waters.

Some time ago after a passenger steamer had been run high and dry in a fog on the Potomac, the captain of a steamer of another line said Congress hould make it a penitentiary offense for any captain to run a steamer in a fog. It may be necessary to frame such a law eventually if the number of collisions continue to multiply.

CZAR NICHOLAS'S NARROW ESCAPE.

Another attempt to kill the Czar of all the Russias was made yesterday. It was the purpose of the regicides to blow up the royal train carrying Nicholas and his family, but the fiends mistook the pilot train. The charge of dynamite overturned the locomotive and wrecked several cars. A number of passengers were more or less injured.

The Czarina, who for years has been living in daily dread of violence from anarchists, is said to be in a serious condition, her nervous system being deranged from the narrow escape from death of herself and family.

This latest dabolical attempt to kill the czar brings to mind the terrible experience of his father. Just as he and his family and guests had reached the dining room of his winter palace years ago an explosion occurred which completely shattered the banquet hall and partially demolished a portion of the palace. Had the party started for the dining room five seconds earlier every one would have been kilid.

In 1881 Czar Alexander, grandfather of the present ruler, was killed in Moscow by a dynamite bomb. He was in a sleigh, and the vehicle and horses were blown to pieces. The Czar was mortally wounded and died while being conveyed to the palace. He uttered but three words after the explosion—"To the Palace."

LIQUOR POURS INTO DELAWARE

Thirsty Folks Take Advantage of Supreme Court Decision.

Wilmington, Del., June 18.—The decision of the Delaware Supreme Court Tuesday that the Webb-Kenyon law does not prohibit interstate shipments of liquor into the dry sections of this State had its effect today. More cases of liquor were shipped by express into Kent and Sussex counties, largely from Baltimore, than at any time since the Hazel law went into force, more than a year ago. To all intents and purposes, these counties are now "wet."

The decision had scarcely been rendered when orders by the hundreds were mailed and telegraphed to Baltimore, Philadelphia and other places for liquor.

Not only can liquor be shipped to Delaware for "lawful use," but if addressed to persons in this State, it can be taken across the line into the Eastern Shore counties of Maryland, thereby making the AntiShipping law of Maryland less effective.

An anomalous condition exists in that liquor can be shipped from without the State into "local option territory" in Dalaware, while interstate shipments are not allowed.

VIRGINIA MAN SEEMS AHEAD

T. M. Carrington, of Richmond, Favorite of Tobacco Association.

Louisville, June 18.—Re-election of T. M. Carrington, of Richmond, Va., as president of the Tobacco Association of the United States seems to be assured at the meeting to be held today in Lexington.

Delegates to the tobacco men's convention here yesterday attended a sale held especially for them. Attempts are being made to have the association inaugurate a campaign to secure a reduction in tobacco taxes in this and other countries.

SHOT AT AUTOMOBILE

German Ambassador Was Thought to Be Speeding

Champagne, Ill., June 18.—While Count von Bernstorff, the German Ambassador, was on his way to the University of Illinois yesterday to receive an honorary degree, a shot was fired at his automobile by a policeman.

Michael Murphy, the policeman, was standing at the corner of First rtseet and University avenue as the Ambassador's car sped by. Murphy held up his hand as a warning The chauffeur, however, disregarded the signal, as the policeman was not in uniform, and there appeared no cause for halting.

Evidently angered at the failure to obey his signal, Murphy fired at the car, only a few yards away. The bullet went wide and Murphy did not repeat the shot. It is alleged that Murphy had been drinking, and that for some time he has acted strangely.

As soon as Mayor Debbins was notified, he hurried to make an apology to the Ambasador who laughingly accepted the regrets that the incident had occurred.

"I fired at the tires," explained Murphy.

Count von Bernstorff requested that no extreme steps be taken against Murphy, and he left for Chicago yesterday afternoon, still disposed to make light of the incident.

WANT A DRY COUNTRY

Federation of Women's Clubs Would Exterminate Liquor.

Chicago, June 18.—The General Federation of Women's Clubs went "dry" yesterday. In a resolution presented by the resolutions committee and backed by the Kentucky delegates, the federation convention put itself on record as follows:

"Whereas, the liquor traffic is responsible for three-fourths of the crime, vice and misery in this country,

"Be it resolved, That the women of the general federation place themselves on record as opposed to the liquor traffic and in favor of such Federal or State laws as will tend to eradicate this evil"

Dr. Mitchell Accepts Presidency.

NEAR BLOWS WITH BLEASE

Senator E. D. Smith Clashes with Him at Opening of Campaign.

St. Matthews, S. C., June 18.—Gov. Cole L. Blease and United States Senator Ellison D. Smith came near to blows when they spoke here yesterday at the first series of meetings in their campaign for the United States Senate.

The trouble started when Blease declared Smith was responsible for the appointment of James L. Sims as United States Marshal. Senator Smith interrupted the Governor to deny the statement. Blease then read a letter from Senator Benjamin R. Tillman stating that he and Smith had agreed on the appointment of Sims.

"Whatever old Ben Tillman may be I don't believe he will lie," said the Governor.

Senator Smith jumped to his feet and said:

"No man living can call me a liar."

"Senator Tillman wrote that letter, not I," said Blease. The chairman of the meeting took Smith by the arm and led him back to his seat.

Blease in his speech questioned the sincerity of Smith's claim that he is the friend of the laboring man and the farmer . He said the Senator had appointed as his private secretary a man unfriendly to organized labor. The Governor defended his pardon record and said during the six months he will continue in office he intends to release a great many more prisoners.

Senator Smith reviewed the legislation he had promoted in the interest of the farmers and told particularly of his part in the movement for a higher price of cotton.

REJECTS AMENDMENT.

Senator Swanson to Continue Fight for Drydock for Norfolk.

Washington, D. C., June 18.—By a vote of 32 to 71 the House of Representatives on Tuesday voted down Congressman Holland's resolution to concur in the Senate amendment to the naval appropriation bill providing for a $3,000,000 drydock at the Norfolk navy yard.

Chairman Padgett of the naval committee made a motion to reject the Senate amendment. Mr. Holand moved as a substitute to the Padgett motion that the House concur, and the substitute motion was voted on first, its defeat being equivalent to the adoption of the Padgett motion.

Previous to this vote the House rejected the entire conference report and asked for a further conference. This means that items formerly agreed upon may be reopened, and there is a bare possibility that the Philadephia building slip provision, upon which the conferees had agreed, may again be brought into jeopardy.
